

As we prepare for opening, we just want to put some words together for all who use the Irish Centre.

We are the same as we were when we had to lock our doors in March. What we now open to, are rules and regulations which we all must accept until instructed otherwise. They are rules we must abide by, and we must keep our staff, members and patrons safe. So, while you are with us, please follow all the instructions as they are there for the safety of all.

Please remember our staff are doing their best to ensure you can be with us. We want you to enjoy being out and to remain safe.

As per Government instructions, music cannot be live or loud so it will just be in the background. We are precluded from showing any sport, much as we would like to, so, please do not ask request it. As soon as these regulations are lifted or changed, we will adapt to whatever they are.

Our rooms and facilities have been deep cleaned and redecorated. Hand sanitizer is available at our doors and in our facilities. Please use them.

### The rules inside our Centre will be as follows:

1. Members and their guests only.
2. No under 18.
3. You must provide your name, address, and phone number. We will not use this information except to track and trace if required.
4. You should adhere to all instructions from our staff. The instructions are for their safety and yours.
5. We will serve you at your tables only.
6. Tables and chairs are all set out to meet the regulations. Please do not move them.
7. Please remember, if you do not follow the Government guidelines you will be asked to leave.

We have decided that our doors will reopen on Monday, July 6 at 12 noon. We look forward to welcoming you back to our new look.

Leeds Irish Centre.
